Elemento federal murió ahogado mientras rescataba cuerpos en la presa Tuxpan

- lo encontraron en la florida, municipio de Jungapeo

A las 22:50 horas de ayer, el agente tercero del Ministerio Público investigador de este distrito judicial, acompañada por un perito criminalista y elementos ministeriales, se trasladó al SEMEFO de esta Subprocuraduría, donde dio fe del cadáver de quien en vida respondiera al nombre de Enrique Atila Ávalos González, de 35 años de edad, elemento de las Fuerzas Federales, oriundo del Distrito Federal, con domicilio en la Delegación Ixtapalapa, Distrito Federal, quien falleciera a consecuencia de asfixia por sumersión.

Al cadáver se le realizó la necropsia de ley, integrándose la averiguación previa penal numero 30/2010-III.

En relación a los hechos, se conoció que el pasado día 10 de febrero del año en curso, el ahora occiso y otras personas que responden a los nombres de Edgar Alfredo Abarca Pérez, Eduardo Lledias Aspiros, Juan Carlos Canseco Breceda, fueron comisionados por el Director de la Unidad de Orden Público Rescate y Auxilio Social Comisario Ramón Suazo Ríos, para el rescate de los cuerpos de los elementos de CONAGUA, que días antes habían caído al agua de la presa Tuxpan.

Seguidamente iniciaron las acciones de búsqueda y rescate recorriendo las localidades de Jungapeo, Pucuario, La Soledad, Las Juntas, La Mora. Al otro día alred

Rescue diver drowned body in river Michoacan

Twitter

Companions of the deceased, the Federal Police, refer to the prosecutor that the death occurred last Thursday, but his body was found on Saturday

Writing - 2010-02-14 14:55:50 - Writing / IMAGE GULF AGENCY

A diver of the Federal Police was killed, dragged by the current of Tuxpan river, when he participated in the search for the bodies of two workers of the National Water Commission (Conagua) who drowned in the dam, when cleaned of the water lily.

The companions of the deceased said the prosecutor that the death occurred last Thursday, but his body was found on Saturday.

It was known that federal authorities without reporting anything to the state, began working on the possible rescue of the two bodies Conagua workers who died when the dredging machine that worked in Tuxpan dam to turn around.

Of the three drowned, but they managed to pull the lifeless body of the operator, and remained alive engineer who led the work.

Among the divers of the federation were Atila Enrique Avalos Gonzalez, 35 years old, and noncommissioned officer Eduardo Lledios Aspiro, 41, who on 11, the edge of 16:00 hours, were washed away, in the community of La Florida, in Jungapeo.

Staff of the Federal Police, asking the help of any other authority, searched all along the river to the official disappeared, being until Saturday around 17:00 hours when he was found on an islet known as El Mango.
