WESTDORPE - A diver from the fire is deceased on Wednesday night after he got into trouble at salvaging a car in the Ghent-Terneuzen in Zeeland Westdorpe. Reported that the municipality of Terneuzen.

The diver is Wednesday in critical condition to the hospital in Ghent transported and died there. Mayor Jan Lonink of the municipality of Terneuzen, boss of the fireman said to have received the news with sadness. "The diver was in trouble exactly, remains to be investigated."

Aarnout Z.

The diver was on a team that was working on the recovery of a car. Police suspect that it is the car of the 41-year-old Aarnout Z. The man is suspected of more than two weeks ago, have killed children in Roosendaal. He's since the murder without a trace. Halfway Wednesday it was still unable car storage.

Job:

The car is thirty meters from the edge of about eight meters deep. The mountains of the car is a huge job, which was complicated further by the storm.

Suspect - Aarnout Z is originally from Zeeland. He is still seen as the main suspect. Whether he has killed his children is still being investigated.
