- **Drama in Orth on the Danube**

Deep grief at the volunteer fire brigade Gumpoldskirchen (Lower Austria): Floriani diver Wolfgang Eger died during an exercise in Orth on the Danube.

The 43-year-old police officer was a member of the fire brigade and was considered an experienced diver. Eger trained himself as an instructor. The accident occurred on Saturday during an exercise in Orth on the Danube.

Two divers were in the boat, while the 43-year-old practiced a so-called flow swimmer on a rope

secured in diving equipment just below the water surface.

Eger suddenly hung limply in the rope, was immediately recovered by the comrades.

The resuscitation measures of the emergency physician and colleagues remained unsuccessful. According to the doctor, the victim had no water in the lungs; Death may have triggered an acute medical condition; Possibly a heart attack.
